Keir

Paul

Zijian

TOPIC OF DISCUSSION

What is needed to be done before M3 handin

ACTION ITEMS

- Need to do github actions
- Create a PDF containing the following information:
 - Team name and Team members
 - A link to your Github repository.
 - A link to the folder containing the test evidence (reports, or coverage files).
 - A link to the Github Project (backlog).
 - A list of pull requests for each student that demonstrates both testing variety and code refactoring.
 - The updated traceability matrix from M1.
 - Contribution: Statement indicating each member's percentage contribution to backend development from M2 to M3.
 - Scrum documentation stored in a dedicated scrum folder should contain all scrum documents
- **Finishing Features 5-8**
- **Change temp to real in entire backend**

Completed

Features 1-4

Format of M3 Document
